***49 NORTH RESOURCES INC. ANNOUNCES CLOSING OF ITS ACQUISITION  
OF A PRIVATE OIL AND GAS COMPANY WITH ASSETS IN THE AREA OF  
KINDERSLEY SASKATCHEWAN***

SASKATOON, SASKATCHEWAN - (Marketwire – April 15, 2010) 49 North Resources Inc. ("49 North") (TSX Venture: FNR) has closed its previously announced acquisition of 89.5% of the issued and outstanding common shares of AllStar Energy Limited, a private company with oil and gas assets in the Kindersley area of Saskatchewan (the "Acquisition"). The 10.5% residual interest is owned by the founders and operators of the private company. The Acquisition provides 49 North with a significant interest in just over nine sections of highly prospective land underlain by the prolific Viking oil formation for a cost of approximately \$592 per acre.

This transaction represents a significant advancement of 49 North's oil and gas development strategy to be achieved through acquisition, joint venture and direct exploration. Generally characterized by high quality, economically successful light oil production, activity in the area dates back to the 1950's with most oil being recovered using traditional vertical well technology. Given the sizable area of this established but relatively undeveloped field, 49 North views the acquired assets as a prime opportunity for enhanced production capabilities using horizontal drilling and newly developed multi-stage fracture technology.

49 North Resources Inc. is a resource investment, financial and managerial advisory and merchant banking company that invests in the Canadian resource sector, with an emphasis on junior and intermediate mineral and oil and gas exploration companies with activities in Saskatchewan. Additional information about the company is available at [www.sedar.com](http://www.sedar.com).
